

**Woodlands Primary School, Hedgehogs Nursery and
Sunbeams Club (school)**

SEN and Inclusion Policy

Special Educational Needs & Disability Policy

In our school, the wellbeing and education of all our children comes first

Vision Statement

Woodlands Primary School, Hedgehogs Nursery and Sunbeams Club (school) is a place where:

- each individual is safe
- each individual is valued and respected
- all efforts and achievements are recognised and celebrated
- everyone is encouraged to make healthy life style choices
- everyone is encouraged to make a positive contribution to the team, individually and collectively

These outcomes are integral to everything that we do in school and form the basis of our core philosophy.

Mission Statement

Woodlands Primary School, Hedgehogs Nursery and Sunbeams Club including our Resource Provision (school) will provide a safe, stimulating and positive learning environment for each individual. A creative, challenging, inspiring and inclusive curriculum will ensure that all children achieve their full potential and develop the skills they need to be effective, lifelong learners. Through positive partnerships with the wider community, all children will learn to value themselves and embrace their responsibility to make a positive contribution to the world around them.

We at school are committed to making our best endeavours to meet the special educational needs of pupils and ensuring that they achieve the best possible educational and other outcomes. In line with our mission statement, "It is the aim of the school to develop the academic potential of each child: and to cater for the social, moral, physical and spiritual requirements of the individual in a happy and secure environment." Every teacher is a teacher of every child, including those with Special Education Needs and Disability (SEND).

This policy complies with the statutory requirement laid out in the SEND Code of Practice 0 – 25 (2015) 3.65 and has been written with reference to the following guidance and documents:

- Equality Act 2010
- SEND Code of Practice 0 – 25 (2015)
- Children and Families Act (2014): Section 69
- Schools SEN Information Report Regulations (2014)

This policy has been created by the school's SENDCoss, and is to be used initially for consultation purposes with governors, staff and parents & carers of pupils with special educational needs and disability.

The Special Educational Needs and Disability Co-coordinators (SENDCos) Mrs Alice Morphet and Miss Mel Gittins can be contacted via the school office or via email: senco@woodlands.cheshire.sch.uk

m.gittins@woodlands.cheshire.sch.uk

Aims

We value all the children in our school equally and we recognise the entitlement of each child to receive the best possible education. Within a caring and mutually supportive environment we aim to:

- Build upon the strengths and achievements of the child
- Create an environment in which all individuals are valued, have respect for one another and grow in self-esteem.
- Give equal access to all aspects of school life through academic, social and practical experiences. This will allow all children to experience success regardless of SEND, or any other factor that may affect their attainment.
- Ensure that effective channels of communication are sustained so that all persons including parents and carers are aware of the pupil's progress and special educational provision made for them.
- Assess children regularly so that those with SEND are identified as early as possible.
- Enable pupils with special educational needs to make the greatest progress possible.
- Work towards developing expertise in using inclusive teaching and learning strategies.

Objectives

In order to achieve our aims and to ensure that children with special educational needs achieve their full potential and make progress we will:

- Work within the guidance provided in the SEND Code of Practice 0-25 Years (2014).
- Ensure pupil participation and involvement in their learning, with increasing responsibility for their learning and behaviour as they move through the school.
- Ensure good parent and carer involvement in children's learning and development.
- Ensure that the school offers a broad, balanced and differentiated curriculum that is accessible to pupils with special educational needs and promotes high standards of attainment and achievement.
- Ensure that the learning needs of pupils with special educational needs are identified, and assessed, as early as possible, and that outcomes of special educational provision are determined; and that their progress towards these outcomes is closely monitored.
- Ensure all teachers take responsibility for planning and meeting the learning needs of special educational needs pupils, and of deploying support staff effectively to meet children's learning needs.
- Ensure that the school liaises with special schools and outside agencies effectively to meet the needs of staff and pupils.

Broad Areas of Need

These four broad areas give an overview of the range of needs that may be planned for.

- Communication and interaction
- Cognition and learning
- Social, emotional and mental health difficulties
- Sensory and/or physical impairment.

The purpose of identification is to work out what action the school needs to take, not to fit a pupil into a category. We identify the needs of pupils by considering the needs of the whole child, which will include not just the special educational needs of the child or young person.

There are occasions when progress and attainment are affected by factors other than special educational needs. For example:

- Attendance and punctuality
- Social Services involvement
- Bereavement or Trauma
- Health and welfare
- Using English as an Additional Language (EAL)
- Being in receipt of Pupil Premium Grant
- Being a Child in Care

Where this is the case, appropriate provision will be made, but this does not automatically necessitate the child receiving special educational provision.

A Graduated Approach to SEN Support

The school is committed to early identification in order to meet the needs of children with SEND. Teachers are responsible and accountable for the progress and development of the pupils in their class, including where pupils access support from teaching assistants or specialist staff. Teachers' ongoing assessment will provide information about areas where a child is not progressing satisfactorily. These observations may be supported by formal assessments such as Baseline Assessment, end of key stage tests, standardised assessments, or the use of the Engagement Model. Teachers will then consult the SENDCos to consider what else might be done – the child's learning characteristics; the learning environment, the task and the teaching style should always be considered. Progress for children will be achieved by focussing on classroom organisation, teaching materials, teaching style and differentiation. A child may be placed on our Early Identification Register (Early Alert) so any concerns can be monitored closely by all Key Adult involved in supporting the child. If subsequent intervention does not lead to adequate progress then the teacher will consult the SENDCos to review the strategies that have been used. This review may lead to the conclusion that the pupil requires help that is additional to or different from that which is normally available. This would constitute Special Educational Provision and the child would be registered as receiving SEN Support. We seek to identify pupils making **less than expected progress** given their age and individual circumstances. This can be characterised by progress which:

- is significantly slower than that of their peers starting from the same baseline
- fails to match or better the child's previous rate of progress
- fails to close the attainment gap between the child and their peers
- widens the attainment gap
- fails to make progress with wider development or social and emotional needs
- fails to make progress in self-help, social and personal skills

The school will use the graduated approach as advised in the Code of Practice 0-25 Years – 'Assess, Plan, Do, Review'. This process is initiated, facilitated and overseen by the SENDCos, whilst the class teacher is responsible for carrying out the process of assessing, planning, doing and reviewing. Where external agencies are involved, the SENDCos will be responsible for liaising with those agencies. The SENDCos will also provide advice and guidance throughout the process, and may carry out some additional assessment. The SENDCos, teachers (and in some cases Teaching Assistants) will update all records of provision and impact of that provision. The SENDCos and teacher will maintain the SEND

Profiles and keep them updated.

The SENDCos liaises with the EAL Lead to monitor and review progress of EAL children. See separate EAL Policy outlining policies and procedures.

ASSESS - The teacher and SENDCos will consider all of the information gathered from within the school about the pupil's progress, alongside national data and expectations of progress. This will include formative assessment, using effective tools and early assessment materials. From this, we identify the child's current attainment, achievements and learning profile. This may involve taking advice from the SENDCos, external specialists and may include the use of diagnostic and other assessments to determine the exact areas of need and strategies recommended. Where external specialists are involved directly with the pupil, parental consent will be sought first. Information may also be gathered using person-centred tools to discover what is important to the pupil and how best we can support them.

PLAN – Pupils and parents will be involved in the planning process as much as possible. Person-centred tools may be employed to facilitate this. This means that the pupil and their parents/ carers are supported in the planning process to arrive at goals and plans that make them key players in the learning process. This will be used to ascertain aspirations and outcomes for the child in the short and longer term. Parents and pupils will take away a copy of the plans for the term, which will include the expected outcomes, actions and strategies and provision to be used. A review date will also be set.

DO- The strategies and interventions agreed in the plan will be implemented and progress monitored using the school's usual assessment systems, plus specific tracking of progress through any interventions. Progress may be measured through assessment scores and/or through qualitative observations.

REVIEW- The progress of the pupil will be reviewed at the end of the specified period of intervention. This review will form the basis of further assessment and planning. Meetings with pupils and parents happen at least termly.

The school's SEND Information Report (which contributes to the Local Authority's Local Offer) can be found on the school website:

<http://www.woodlands.cheshire.sch.uk/page/send-provision-special-educational-needs-and-disability/3042>

This indicates the type of provision the school currently offers to pupils with SEND. It is reviewed annually. The level and type of provision decided on for individual pupils is that which is required to meet the planned outcomes. The SENDCos records the impact and outcomes of provision made through individual provision mapping in the SEND Child Profiles.

If decided, we may decide to submit a request for additional funding to support a pupil with special educational needs. The SEND Panel will then decide whether Element 3 funding will be allocated to help meet the needs of that pupil.

Integrated Assessment of SEND

If the school is unable to meet with all of the agreed provision from its existing resources, finance and staffing expertise; and the outcomes for the child are not improving despite SEND Support, then the school may request a statutory assessment from the Local Authority, which may lead to an Education, Health and Care Plan.

The school will provide the evidence about the child's progress over time, documentation in relation to the child's SEND Support and any action taken to deal with their needs, including any resources or special arrangements in place.

This information may include:

- the child's personalised plans – SEND/EHCP Profiles
- records of reviews with pupils and parents, and their outcomes
- medical information where relevant – medical reports
- National Curriculum attainment, and wider learning profile (Development Matters EYFS and Engagement Model where appropriate)
- Attendance information
- educational and other assessments, e.g. Educational Psychologist
- views of the parent and the child
- involvement of outside agencies such as Speech and Language – recommendations and reviews of these recommendations

EHC Assessment requests are submitted via the EHC Hub. If the Local Authority (LA) agrees to an Integrated Assessment, it must assess the education, health and care needs of that child. The LA must request advice and information on the child and the provision that must be put in place to meet those needs from:

- parents/ carers and/ or child
- the school
- an educational psychologist
- health
- social care
- anyone else that parents/ carers request
- a specialist teacher for the visually impaired or hearing impaired, if appropriate

From this information, it must then be decided whether or not to issue an Education, Health and Care Plan (EHCP). Further information can be found on the LA website

http://www.cheshirewestandchester.gov.uk/residents/education_and_learning/special_educational_needs_sen.aspx

Annual Review of the EHC Plan

All EHC Plans must be reviewed at least annually. The SENDCos initiate the process of inviting relevant people to the meeting. This will include pupils, parents and others close to the child who pupils and parents would like to attend. Relevant professionals from within school and outside agencies will also be invited. The review will be person (child)-centred, looking at:

- progress on actions towards agreed outcomes
- what we appreciate and admire about the child
- what is important to the child now
- what is important to the child in the future
- how best to support the child
- questions to answer/ issues we are struggling with
- action plan

Any amendments to the EHC Plan will be recorded in the SEND Profile. The SENDCos will record the outcomes of this meeting and log on the EHC Hub electronically to be shared with the LA.

Criteria for exiting Special Educational Provision

A child may no longer require special educational provision, where they:

- make progress significantly quicker than that of their peers
- close the attainment gap between them and their peers
- make significant progress with wider development or social and emotional needs, such that they no longer require provision that is additional to or different from their peers
- make progress in self-help, social and personal skills, such that they no longer require provision that is additional to or different from their peers

This would be determined at the review stage.

Resource Provision

At Woodlands we have a Resource Provision which has been set up in conjunction with the LA. Children attend our Resource Provision if they have an EHCP and a consultation has been held via the SEN Team. The children who access our Resource Provision are in a class of a maximum of ten children with appropriate Key Adult support.

Supporting pupils and families

West Cheshire Local Authority's Local Offer can be found at

<https://www.livewell.cheshirewestandchester.gov.uk/Categories/3948>

This policy forms part of the school's SEND Information Report.

The school is committed to working closely with parents. Parents meet regularly with school staff and concerns and successes are shared. Parents are made aware of the Information, Advice and Support Services (IASS) and supported to engage with external agencies.

Parents will be involved at every stage of their child's progress, through liaison with the class teacher and later the SENDCos. Parents are encouraged to be involved with target setting for personalised plans. Some home activities may be provided. Parents and pupils are invited to target setting meetings and to review progress. Parents of children with EHCPs will also be invited to an annual review. Parents and carers are consulted and informed of changes to the SEND Policy. The SEND Information Report is updated annually on the school's website.

Medical issues are first discussed with the parents/carer. If an assessment of need is required the school will make a referral to the Community Paediatrician with parental consent. A multi-agency approach may be initiated if school staff require further knowledge, understanding or training regarding a child's medical needs, or if adjustments need to be made.

Depending on the special educational needs of the children, different agencies may be involved e.g. occupational therapist, speech and language therapist, physiotherapist or the paediatrician.

Admissions

Pupils with special educational needs will be admitted to Woodlands Primary School and Nursery in line with the school's admissions policy. The school meets with the statutory requirements of the Children and Families Act 2014. The school will use their induction meetings to work closely with parents to ascertain whether a child has been identified as having, or possibly having special educational needs. In the case of a pupil joining the school from another school, Woodlands Primary School will seek to ascertain from parents whether the child has special education needs and will access previous records as quickly as possible

(through CPOMs if this has been previously used). If the school is aware that a child may have a difficulty in learning they will make their best endeavours to collect all relevant information and plan a relevant differentiated curriculum. The Admissions Policy is available on the school website.

When a pupil transfers to another school, transfer documents, including full records of their special educational needs, will be sent to the receiving school (CPOMs). On transfer to secondary school the Year 6 teacher and SENDCos will meet with the SENDCos of the receiving school to discuss SEND records and the needs of the individual pupils. An invitation will be issued for a representative of the receiving school to attend the transition annual review meeting held in Year 6.

Medical Needs

The school recognises that pupils at school with medical conditions should be properly supported so that they have full access to education, including school trips and physical education. Some children with medical conditions may be disabled and where this is the case the school will comply with its duties under the Equality Act 2010.

Some may also have special educational needs (SEND) and may have an Education, Health and Care Plan (EHCP) which brings together health and social care needs, as well as their special educational provision and the SEND Code of Practice (2014) is followed.

Health Care Plans (HCP) will be written for children with medical conditions which are written in conjunction with parents. This will detail the condition, signs/symptoms, medication and emergency contact details.

Monitoring and evaluation of SEND

At Woodlands Primary School a system of analysing provision is used through the completion of SEND Profiles to ensure that we are able to analyse the impact and outcomes of provision and resources made available to an individual child and wider groups of pupils. Assessment and other progress information is inputted from whole school systems already in place, to inform teachers and senior leaders on the progress of pupils. This is used to inform future decisions and can be used to inform discussions in person-centred review sessions with parents and pupils. It also helps us to determine the effectiveness of our provision for pupils with special educational needs and disabilities, and ensure that provision of resources is equitable among pupils according to their needs.

Training and resources

Governors will ensure that there is a suitably qualified SENDCos who has the time necessary to undertake the role. Time is identified for staff to review pupil progress, discuss pupil curriculum needs and to transfer information between classes and phases. Teacher Assistant time is allocated to ensure pupils receive the individual support outlined in the individual plans (SEND Child Profiles) and teachers are responsible for ensuring this takes place and is monitored. The Governors ensure that time is allocated to allow for monitoring of provision and pupil progress. Training for teachers and teacher assistants is provided both within school and through other professional development activities.

The school uses funding to provide external professional advice and support for individual pupils in line with their EHCPs and in relation to needs.

The governors will ensure that they are kept fully abreast of their statutory responsibilities by attending training and receiving regular updates from the Headteacher or the SENDCos. The SENDCos will keep abreast of current research and thinking on SEND matters. The SENDCos

will be supported to enhance their knowledge, skills and abilities through courses or from the support of other professionals. The SENDCos will disseminate knowledge or skills gained through staff meetings, whole school In-service Training (INSET) or consultation with individual members of staff. External agencies may be invited to take part in INSET.

SEND training is included within INSET days and staff meetings to reflect the needs of the school and individual staff members.

Funding is deployed in the budget to meet the cost of:

- additional staff support
- providing intervention work for individuals and small groups
- purchasing materials and resources
- training for staff
- provision of external specialists and advice, where required

Money received for an EHCP is allocated according to the requirements of the pupil's plan to ensure appropriate provision. The SENDCos liaise closely with the school bursar to ensure school is in receipt of the correct funding.

Roles and Responsibilities

The Governing Body

The SEND Governor, will support the Governors to fulfil their statutory obligations by ensuring:

- the Curriculum Committee receives a report at every curriculum meeting to update progress on SEND issues,
- the SEND Information Report is reviewed annually, and details the effectiveness of provision in the last year, along with any significant changes to policy
- the SEND Information Report explains how the school implements the special educational needs statutory requirements reflecting what the school has in place and actually provides for pupils with special educational needs.

The Headteacher

The Headteacher is the school's 'responsible person' and manages the school's special educational needs work. The Headteacher will keep the Governing Body informed about the special educational needs provision made by the school. The Headteacher will work closely with the SENDCos, the Special Needs Governor and Staff to ensure the effective day-to-day operation of the school's special educational needs policy. The Headteacher and the SENDCos will identify areas for development in special educational needs and contribute to the school's improvement plan.

The Special Educational Needs Co-ordinator (SENDCos)

The SENDCos is responsible for:

- co-ordinating SEND provision for children.
- liaising with and advising teachers

- maintaining the school's SEND register and overseeing the records of all pupils with special educational needs
- liaising with parents of children with special educational needs
- liaising with external agencies including the educational psychology service and other support agencies, medical and social services and voluntary bodies
- consultation with the class teacher to ensure that appropriate provision is planned and implemented and that reviews take place.

Role of Class Teacher and Support Staff

Teachers are responsible and accountable for the progress and development of the pupils in their class, including where pupils access support from teaching assistants or specialist staff. Both the teaching staff and the support assistants have an integrated role in curriculum planning and in supporting the child's learning. They are fully involved in the identification, curriculum differentiation and assessment of pupils with SEND. They work together with the SENDCos to formulate provision and review progress and impact.

The SENDCos works closely with the Pastoral Team (Learning Mentor, two trained ELSAs, EAL Lead and Deputy Headteacher).

Storing and managing information

The confidential nature of SEND information is fully recognised at school. All records are stored on CPOMs. Electronic files are stored with the SENDCos on an encrypted laptop.

Reviewing the policy

This policy will be reviewed annually by the SENDCos, Head and other staff and governors, along with the SEND Information Report.

Accessibility

The Disability Discrimination Act (1995), as amended in 2005¹, placed a duty on all schools and LAs to implement and review, every three years, the accessibility of schools for pupils with disabilities.

Complaints

The complaint procedure for special educational needs mirrors the school's other complaints procedures. Should a parent or carer have a concern about the special provision made for their child they should in the first instance discuss this with the class teacher and Phase Leader. If the matter is not resolved satisfactorily parents have recourse to the following:

- discuss the problem with the SENDCos
- discuss the problem with the Headteacher
- the Headteacher may refer the matter to the Area Special Needs Officer, or seek other external advice in a confidential manner. Parents are informed about Information Advice and Support Services and how to make representations to the LA
- More serious on-going concerns should be presented in writing to the Chair of Governors, School Adviser, or a LA SEND Adviser as appropriate.

¹ Disability Discrimination (Prescribed Times and Periods for Accessibility Strategies and Plans for Schools) (England) Regulations 2005.

Bullying

Bullying is taken very seriously at Woodlands Primary School. To view the school's policy on anti-bullying, see the school's website at:

https://www.woodlands.cheshire.sch.uk/serve_file/30058771

Statistically, children with SEND are more likely than their peers to experience bullying. Consequently, staff and governors at Woodlands Primary School, Hedgehogs Nursery, Sunbeams Club (school) endeavour to generate a culture of support and care among pupils.
