

Year 3,

Well done for completing the last lot of home learning!
There was a lot to get done and we have had great feedback from you and your parents about your progress.

Please use the link below to guide your learning for the next two weeks. I will be adding extra activities to support these videos as usual so please look out for them if you've already attempted the activity in the video.

<https://whiterosemaths.com/homelearning/year-3/>

The screenshot shows the White Rose Maths website's 'Home Learning - Year 3' page. The page has a dark blue header with navigation links: Resources, Professional Development, Home Learning (active), Who We Are, and News. A search bar and a 'Premium Resources Centre' button are also present. Below the header, a teal banner reads 'Home Learning - Year 3'. The main content area is divided into two columns. The left column lists 'Summer Term - Week 10 (w/c 29th June)' and 'Summer Term - Week 9 (w/c 22nd June)'. Below these, 'Lesson 1 - Right angles in shapes' is featured with a video player showing a compass rose and a question: 'Annie is facing east. She turns one quarter turn. What direction could she be facing now?'. To the right of the video, there is a text box asking for worksheets. The right column contains a 'Home Learning' sidebar with links for 'Easter Fun', 'Summer Term', 'Home Learning - Early Years', and 'Home Learning - Year 1' through 'Year 10'. At the bottom, a cookie consent banner is visible with a 'Continue' button.

Enjoy,

Miss Gittins
